Contract Cleaning, Catering & Vending Services

**CONSULTANT SERVICES GROUP**

**ENVIRONMENTAL POLICY STATEMENT**

Consultant Services Group provides contract management services at all of our client locations. We offer both core and soft services, which include catering, daily office and retail cleaning, together with vending.

The company regards protection of the environment as one of our basic management goals and company priorities. We take environmental protection measures, and community responsibility as a positive challenge to be implemented at all management levels by establishing targets and action plans. As a consequence of this, the management are committed to continuous improvements in environmental performance and the prevention of pollution. Environmental regulations, laws and codes of practice will be regarded as setting the minimum standards of environmental performance also any other requirement that may need to be met, therefore:

We will promote best practice in the protection of the environment and the wider community.

We are committed to continuous improvement of the company's environmental performance and prevention of pollution.

We will measure our environmental performance, and communicate the results on a regular basis to CSG employees.

We will reduce, reuse and recycle as many materials as is practically possible. Every possible action will be taken to eliminate the use of environmentally unfriendly materials in our organisation.

We will assess and evaluate the potential environmental impacts and risk of pollution from our operations, in order to protect the environment and use fewer raw materials, products and produce less waste.

We will seek to eliminate all environmental accidents and unplanned events.

We will set targets and objectives for our environmental programmes, and will seek to make continuous improvements in all activities regarding the environment in order to achieve compliance of all relevant legislation.

We will monitor our environmental targets and objectives, and all other aspects of our management systems on a regular basis ensuring that they are relevant and appropriate to meet the goals and aspirations of our company's policies and targets.

We will establish a company training package that will educate and motivate our workforce in environmental responsibilities.

We will promote good environmental principles by our contractors, encouraging, and where appropriate recommending and requiring improvements in their practices to make them consistent with our own.

We will additionally encourage our suppliers to adopt their own Environmental policies and action plans for Environmental improvements.

We will remain committed to continuous improvements in environmental performance and the prevention of pollution.

**This policy is communicated to all of our employees. It is also displayed on the notice boards throughout our organisation. The policy is also available for public viewing on our company website.**

**This policy and all relevant environmental documentation will be reviewed at regular intervals.**
